

My Experience at Sehgal Neo Hospital

On 2nd August, I got surgery in Sehgal Neo Hospital, and it was an immediate surgery. I got all the facilities and treatment on time. Though it was Sunday, still the doctors were ready to treat at an emergency panel. In the duration of 2 days of admission, all nurses, doctors, junior doctors and moreover other staff members helped me all the ways. I didn't feel much requirement of my family members in hospital as staff here was just a call away. In context of infra and technology I can give A+ grade to the hospital. In nutshell, my experience was beyond my expected comfort zone.

Name of the Patient: Mrs. Charul Sehgal

Name of the Attendant: Ms. Neeraj Sehgal

Relationship with Patient: Husband

MRD No:

Date: 4th August 2015
