

## My Experience at Sehgal Neo Hospital

My experience at Sehgal Neo Hospital has been quite a pleasant one. I was admitted here for about 5 days, during which I had no complaints whatsoever. The Doctors, Nurses, and all the other staff are extremely courteous and caring and they looked after me very patiently. The cleanliness and hygiene maintained by the Hospital deserves a special mention as it was par excellence. The food was also very thoughtfully prepared, keeping in mind, both, the taste as well as the nutritional needs of the patient. All in all, my experience at Sehgal Neo Hospital has been very gratifying and I would recommend this hospital to my friends and family if the need ever arises.
