My Experience at Sehgal Neo Hospital

The facilities and services provided at hospital are good. The hospital has upgraded all services from my last visit when my wife was admitted here. The medical staff either nurses, technicians, ward boys, attendants or doctors on duty are disciplined and have provided good services. The consultant doctors are good and explained the cause and about diseases. It is a request please improve the quality of food. The services provided for cleanliness are also fine. The pantry staff is well disciplined and provided the meals with smile on their face, which is admirable. If in future, it is required I will definitely like to come in this hospital and also recommend to others, I really pay my thanks to Dr. Sehgal & team for wonderful services & hospital; I wish him my best wishes. Not to forget, I really wanted to give special thanks to Dr. Alok Mishra for making things so easy and giving comfort to treat our illness, due to him I really wanted to visit this hospital for any treatment of my illness. Thanks to entire hospital.
