

My Experience at Sehgal Neo Hospital

It's a feedback on your terrific service firstly received by Dr. Ankit Sunday at 5:00 AM with utmost calm and cordial behavior well supported by woman (at reception):

Thanks to Dr. Nadeem who took the charge since "SUNDAY" morning to till now. He is very warm and efficient person.

Thanks to all Nurses & Housekeeping staff for making us feel comfortable. Special thanks to Dr. Yogender Gupta for his excellence and exceptional medical skills.

The kind of support & service were rendered by all above mentioned people is what we call excellence in "Customer Service".

It was the time that encountered first time in our life. I believe we, our hopes were alive because of these guys. Never seen such kind of

generous, cordial, humble & modest staff even every high person including the security guard at reception (in day hrs) had shown empathy.

I have recommended this for medical services to many. I will continue to do so. You deserve every success & feel that EVERYONE should know about you. Thanks!
