

My Experience at Sehgal Neo Hospital

My Experience at Sehgal Neo Hospital was EXTRA-ORDINARY. I and my family have been blessed to make the decision of choosing Sehgal Hospital. Everyone here are so warm and willing to help always. I became a father for the first time and they made sure to guide and help me with even the smallest of things. Starting from Dr. Atka and Team and Dr. Mridul for their support and guidance. The Reception and the Front Desk team to help me out in every manner possible. The facilities and service inside the room was brilliant. The room was cleaned regularly and proper hygiene was maintained. I would give a special note of thanks to my Room Attendants - Mrs. Jyoti Sharma & Mrs. Asha, they guided me, supported me, helped me, guided me to everything they could. Being a father for the first time, they made my very moment special and stress free.

THANK YOU
