## My Experience at Sehgal Neo Hospital

SNH has been awesome in every respect. The hospital is clean, comfortable and has best state-of-the-art infrastructure. The team of doctors led by Ms. Narin Sehgal have been helpful, comforting and very caring. The rooms, infrastructure, housekeeping facilities as well as staff have been extremely accommodating and courteous. Nurses went out of their way to ensure that my family & I (patient) were taken care of in the best way possible. A big thank you!
