

## My Experience at Sehgal Neo Hospital

“EXCELLENT” can't express in few words

We came here in pain and going away with fully relief. Every member of hospital staff has been an excellence.

Dr. myidhu Jain took every care of every small things. She regularly visited to see our daughter Riti Anuja and made her smile every moment.

From front staff to nursing staff everyone was very polite and cooperative. Just one shortcoming, TPA department should be more responsible and speedy.

Rest its nicely written,

'SEHGAL HOSPITAL - Care with Personal Touch'
