My Experience at Sehgal Neo Hospital

Really a nice well established Hospital in west Delhi area. Stayed in the Hospital for Surgery for about 12 days and all type of services such as Nursing Station, Room cleaning, Room Service, Doctors treatment and behaviour of all the junior and Senior Staff of all categories were appreciable. God bless Mr. Narain Sehgal and all his team and staff for further progress. I really find no point where I can suggest for improvements because already seems to be the best.
