

My Experience at Sehgal Neo Hospital

Sehgal Neo hospital came to my knowledge through word of mouth. After visiting many hospitals and

doctors, in my mid-pregnancy I met Dr. Atka Jain.

In the first meet, she made me so comfortable

(that exactly a patient requires other than the

medical treatment). I realise this through my

own years of experience with leading chain

of hospitals as Chief Clinical Nutritionist.

Not only Dr. Atka Jain, her team members,

the entire nursing staff, admin staff were not

only professional in their fields but also considerate

as well.

It is the staff who makes the organisation popular

and not just name.

Keep up the good work.

Name of the Patient: Mrs. Reeti Kapoor

Name of the Attendant: Mr. Rahul Kapoor

Signature: Reeti
