My Experience at Sehgal Neo Hospital

We are coming at Sehgal Neo Hospital since 2005 and we evidence the growth & development of this hospital through good practices adopted here and best treatment by qualified & experienced doctors. Best thing in this hospital is regular inspection which makes very approachable to management if patient/attendant feels any problem. We had a very good experience at this hospital. Doctors are very soft spoken, ward staff, house keeping/nurses - Brothers are very prompt at their services. Main thing which attracts people towards this hospital is best treatment by experienced doctors of this industry and affordable prices. I wish god should not plan our next visit to hospital, but I surely recommend to my known people for this hospital.

Name of the Patient: Udit Gupta

Name of the Attendant: Himanshu Gupta

Signature: Himanshu

Relationship with Patient: Brother

MRD No: 116294
