

## My Experience at Sehgal Neo Hospital

Hi ~~to~~ this Tyoti Sharma (Patient) I would like to share my experience at Sehgal Neo Hospital. This is my loyal hospital. No wants to go to a hospital, except for doctors and hospital staff of course. Recently due to a medical call my sister recommended Sehgal NEO Hospital for an amniocentesis test as in delhi its only hospital where amniocentesis is performed with great care and speciality. Hospital with very experienced team of doctors in various departments. Now I want to say only one thing its a best hospital or this service. I want to recommend for anybody 100% safe. Never and ever in my life.

Thank you  
to all staff
